Subject: Updates Needed for Notice of Intention to Commence Small Mining Operations, Dale D. Rogers, Pleasant Mine, S/023/0109, Juab County, Utah

Dear Mr. Rogers:

On August 31, 2016, representatives of the Bureau of Land Management and the Division of Oil, Gas and Mining met with Mike Rogers at the Pleasant mine to discuss the mine disturbed and bonded area. The BLM has requested that all maps of the disturbed area be consistent. For that reason the Division has modified its cessation order to give you more time to submit the map.

In addition to the updated map, you will also need to modify the Division's Notice of Intention to Commence Small Mining Operations (NOI) to show the correct disturbed area acreage. This should be done on page 4 of the form. Please make the revisions by November 15, 2016.

Copies of the forms are included with this letter, and they are also available at on the Internet at [https://fs.ogm.utah.gov/pub/MINES/Minerals\\_Related/FORMS/MR-REV.pdf](https://fs.ogm.utah.gov/pub/MINES/Minerals_Related/FORMS/MR-REV.pdf).

Please call Wayne Western at 801-538-5263 if you have any questions about the report.

Sincerely,

Paul B. Baker  
Minerals Program Manager
